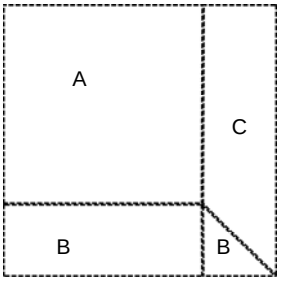
Christmas Attic Window

Here's a quick little one to keep us going through the holidays. Only one triangle! Choose a Christmas novelty with a LIGHT background for the "picture" in your window. Make the bottom frame a DARK GREEN and the side frame a MEDIUM RED. The block will finish at 6 1/2". ***Remember:*** November blocks are due at the first and only meeting in November.

CUTTING INSTRUCTIONS



Novelty with LIGHT Background (A) – one 5" square
DARK GREEN (B) – one 2" x 5" rectangle
one 2" x 2" square
MEDIUM RED (C) – one 2" x 6 1/2" rectangle

ASSEMBLY INSTRUCTIONS

1. Sew the DARK GREEN rectangle to the bottom of the Novelty with LIGHT background square.
2. Place the DARK GREEN square on the bottom of the MEDIUM RED rectangle, right sides together. Sew diagonally across from upper to lower left to right, so that when you trim and fold back the green triangle, it is in the lower left hand side.
3. Sew the RED rectangle piece to the right side of the Novelty print.
4. Measure to make sure your block is at least 6 1/2" square, but leave the trimming to the winner of the block. Sign it, please!
